Stage Description:

Presentations are normally 30-60 minutes
(all presentations are customizable to fit your event day)

Reggie's passion for life, and unwavering determination come alive through not only his story but his presentation which grabs audiences young and old alike. **No matter the arena; the audience is always engaged and leaves inspired by his transparency and relatability.** He understands the value of perseverance and challenges audiences to never give in to life and push themselves further than they've ever imagined possible. Most importantly **Reggie understands the need for visual aid and capturing and holding the audiences attention through more than just words.** Reggie always brings a bag of goodies to help decorate his already well illustrated stories (**ex. Lombardi Trophy, Super Bowl Ring, Pictures, etc.**) He believes it's important to not only speak of success, but to prove it true through items in which the audience will see, agree, and aspire to attain in their own respective paths. He is an energetic young man who adjust to the audiences needs and creates multiple levels while using the entire stage to drive his message home.

At the end of the presentation Reggie will prepare the audience for his signature group poses. After all of the emotions the audience experiences throughout the presentation, Reggie uses this time to capture three distinct poses that exemplify those emotions in a photograph. **Reggie is a people person and enjoys sticking around to take pictures, answer questions, and sign autographs.** Reggie believes "the keynote session is important, but what you do before and after the session is equally as valuable when attempting to tattoo a message to someones heart."

BIO

Reggie Jones is a former *professional player, Founder/President, and Transformational Speaker*. During Reggie's time in the NFL he played for a variety of teams including the *Dallas Cowboys, Minnesota Vikings, Washington Redskins, and **Won a Super Bowl with the New Orleans Saints***. He also spent time in the Canadian Football League with the *Ottawa Redblacks*. Reggie's accomplishments far exceed his time on the field. He is also the founder and president of the youth mentoring program **Showtime For Stars**. Reggie has also found success in the speaking arena. Not only did he successfully complete his own **50+ location Believe Beyond school tour**, but he was featured with World Renowned Speaker Trent Shelton on the Nothing Short of Greatness Tour that stretched to more than *10 States throughout North America and parts of Canada and Bermuda*. He was also spotlighted on CBC and CTV (*#1 News and Radio shows in the Canadian Nations Capital*) for the impact he's continuing to have on adults and youth alike during his presentations.

With all the success he's been able to achieve throughout life it was by no means an easy endeavor. Growing up in poverty and at the age of 13 **witnessing his Mother murder his Dad in the living room of their home**; some may say Reggie was dealt an unfair hand. Statistics would say he was primed and ready for the road of destruction. Nevertheless his ability to focus and **"BELIEVE BEYOND"** what professionals would say is what allowed him to overcome.

Reggie's situation was no match for his desire to be greater than any obstacle set before him. His quotes are far from empty words. They ring very true to his life style, *"Obstacles are nothing but Hurdles and Hurdles are made to be jumped over"*. The determination and drive that trumped his adversity, continues to make him one of the most influential speakers today. Witnessing drug and alcohol abuse, prostitution, financial and family instability, and witnessing your own fathers murder would send the strongest mind into a downward spiral. With the odds stacked against a young Reggie Jones, he consciously decided to use his *"Trials as a trampoline to propel himself higher"*. Even with the loss of his mother to prison for 14yrs his mind was made up. He developed his own formula for defying the odds. Emerging from a parentless childhood to become a **first generation College Graduate, NFL Super Bowl Champion, Mentor, Founder/President, Husband, Father, and more**.
